

NAICS CODES OF ENVIRONMENTALLY SENSITIVE INDUSTRIES*
(Appendix 4 of SOP 50-10 5D, effective October 1, 2011)

How to determine if an industry is included on this list:

- A 3 digit NAICS code includes all industries beginning with those 3 digits.
- A 4 digit NAICS code includes all industries beginning with those 4 digits.
- A 5 digit NAICS code includes all industries beginning with those 5 digits.
- A 6 digit NAICS code includes only that industry under that industrial code.

*A Phase I should always be obtained if the business sells, supplies or dispenses fuel, gasoline, heating oil, even if the NAICS code for the business is not identified on this list of environmentally sensitive industries. A complete list of industries and corresponding NAICS codes is available online at <http://www.census.gov/naics/2007/NAICOD07.HTM>.
